BEACH COURT

Here at **BEACH COURT** - our non-smoking home, Carole and Russell Field offer house-guests a choice of individual and distinctive 1st floor guest accommodation, incorporating spacious private amenities and featuring window seats affording truly remarkable coastal views:

CHEVIOT- our glorious turret room boasts its own observatory 'The Crow's Nest' approached by spiral staircase, commanding spectacular panoramic coastal views across the bay to the Cheviot Hills. The main room overlooks both beach and harbour, whilst a deep leather suite, stereo and satellite TV, enormous canopied bed and exquisite bathroom combine to create a truly luxurious feel.

DUNSTANBURGH- this Southerly facing facility features large recessed windows offering 'picture postcard' views of our courtyard, the harbour, the National Trust limekilns and the bay. Superbly furnished and with a huge luxury bathroom, it further incorporates a specially designed passenger lift to assist those who may find stairs a slight problem.

LINDISFARNE- has the advantage of catering for either twin bedded or double occupancy. It offers pretty soft furnishings, canopied beds and a delightful pine and onyx bathroom with both bath and shower provided. Approached by its own corridor and with separate WC, Lindisfarne also offers glorious uninterrupted views across the bay to the hills beyond.

BEADNELL - although a traditional fishing village, makes THE ideal base for Holy Island, the Farne Islands, the castles of Alnwick, Bamburgh, Chillingham, Dunstanburgh, Floors and Warkworth; Cragside, Paxton House, Kielder Water, the Cheviot Hills, the Metro Centre, Berwick-upon-Tweed and the dramatic vista of the Scottish Borders. Various water sports, golf and horse riding are all to hand, or you may like to simply explore the award winning Beadnell Bay in our dinghy 'Peter Duck' and discover the rugged yet beautiful coastline of North Northumberland - 'the Secret Kingdom' for yourselves.

BEACH COURT - just seconds from the shore and adjacent to the tiny eighteenth century harbour (the only one on England's East coast to face Westwards), is one of the most distinctive and photographed properties on the North East coastline, being built from local stone literally barrowed from the foreshore and erected on the prime historical site, overlooking both harbour and bay.

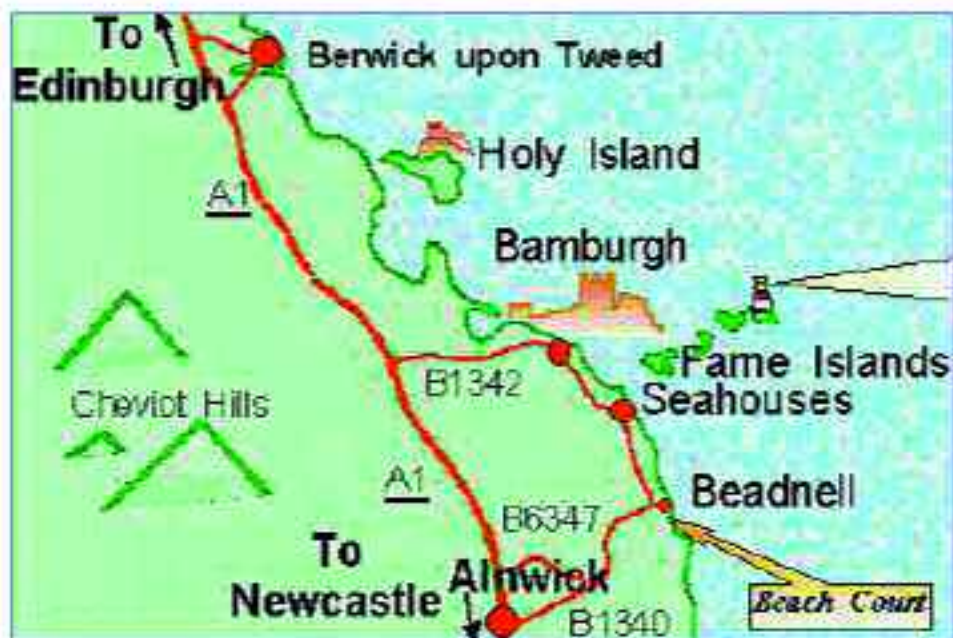

Apart from your own individual suite, you will have full use of the magnificent oak panelled, sea facing drawing room with stereo system, video and digital satellite television, as well as the elegant dining room with private bar and fridge opening into the adjoining spacious conservatory. Secure car parking is provided in our large stone walled courtyard, where on those long summer evenings you can partake of a delicious barbecue style meal, or alternatively an intimate candlelight dinner featuring local specialities and produce.

Take the B1340 south from Seahouses. At Beadnell turn left from the main road. Follow the signs for the harbour.

Or, follow the B1340 north from the direction of Alnwick. Pass by the first turn on the right for Beadnell Village (this is a way through the village but it is narrow and winding and saves no time) then where the road approaches a long left curve for Seahouses by a large grass triangle, turn right and follow the signs for Beadnell Harbour.

BEACH COURT overlooks the harbour and bay. For more detailed information and directions, please visit:
